REMARKS

In this Amendment, the Applicant has cancelled Claim 29 without prejudice or disclaimer, and amended Claims 20 – 23, 25 – 27, 30 – 32, 34 – 35, 37 and 43 to overcome the rejections and further specify the embodiments of the present invention. In addition, new drawing Figs. 1 – 2 have been added and specification has been amended to add description of the drawings. It is respectfully submitted that no new matter has been introduced by the amended claims and specification. All claims are now present for examination and favorable reconsideration is respectfully requested in view of the preceding amendments and the following comments.

DRAWING OBJECTION:

The application has been objected as requiring drawing illustration.

It is respectfully submitted that new drawing Figs. 1 – 2 have been added and specification has been amended to add description of the drawings. No new matter has been added to the application. Therefore, the objection has been overcome and withdrawal of objection is respectfully requested.

REJECTIONS UNDER 35 U.S.C. § 112 SECOND PARAGRAPH:

Claims 20 – 43 have been rejected under 35 U.S.C. § 112, second paragraph, as allegedly being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is respectfully submitted that the rejections have been overcome by this amendment. More specifically, Claims 20 – 23, 25 – 27, 30 – 32, 34 – 35, 37 and 43 to overcome the rejections and further specify the embodiments of the present invention. The amended claims have overcome the informalities indicated by the Examiner.

Therefore, the rejection under 35 U.S.C. § 112, second paragraph, has been overcome. Accordingly, withdrawal of the rejections under 35 U.S.C. § 112, second paragraph, is respectfully requested.

REJECTIONS UNDER 35 U.S.C. § 112 FIRST PARAGRAPH:

Claims 20 – 43 have been rejected under 35 U.S.C. § 112, first paragraph, as allegedly failing to satisfy the written description requirements.

It is respectfully submitted that the rejections have been overcome by this amendment. More specifically, Claims 20 – 23, 25 – 27, 30 – 32, 34 – 35, 37 and 43 to overcome the rejections and further specify the embodiments of the present invention. For example, the term “CLIP” in all claims has been amended to “Caller-ID”, which has sufficient support in the specification. The feature of Claim 22 has sufficient support in the specification, especially on pages 9 – 10. Furthermore, Claims 27, 34 and 37 have been amended to provide terms supported by the specification. Thus, the amended claims have overcome the informalities indicated by the Examiner.

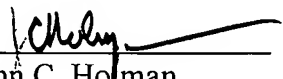

Therefore, the rejection under 35 U.S.C. § 112, first paragraph, has been overcome. Accordingly, withdrawal of the rejections under 35 U.S.C. § 112, first paragraph, is respectfully requested.

Having overcome all outstanding grounds of rejection, the application is now in condition for allowance, and prompt action toward that end is respectfully solicited.

Respectfully submitted,
